

FEDERAL VOTING ASSISTANCE PROGRAM

DEPARTMENT OF DEFENSE
WASHINGTON, DC 20301-1155

September 26, 2008

The Honorable Max Maxfield
Secretary of State
State Capitol Building
200 West 24th Street
Cheyenne, WY 82002-0020

Dear Secretary Maxfield:

Every year I recommend specific legislative initiatives, which if enacted, would simplify and streamline the absentee voting process used by our citizens covered by the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. I would like to thank you for the work you and the state of Wyoming have done over the past several years to promote and support these initiatives.

Recent elections have emphasized the importance of the states enacting the provision of 45 or more days for ballot transit; electronic transmission of Federal Post Card Applications, blank ballots, and voted ballots; and, authorization for the state chief election official to implement emergency measures. States with these provisions were able to quickly respond to a greater number of situations faced by our brave men and women serving in combat areas such as Iraq and Afghanistan, and other U.S. citizens worldwide. I would ask you also to consider alternative methods that these citizens could use to request their absentee ballots such as phone, email or by proxy, and utilizing digital signatures with electronically transmitted materials.

After reviewing Wyoming's existing election code and procedures, I have identified six initiatives that the Wyoming legislature might consider during the upcoming legislative session. These initiatives are discussed in detail with suggested wording in the enclosed legislative initiatives document. If these initiatives are enacted and signed into law, they would significantly help to facilitate the absentee voting process for Wyoming's citizens covered by *UOCAVA*. Information available to FVAP indicates that there are 5,620 Uniformed Services members, an estimated 4,200 family members and approximately 8,500 overseas citizens that claim Wyoming as their voting residence.

As you review the enclosed initiatives for possible inclusion in Wyoming's 2009 legislative agenda, please do not hesitate to contact us for assistance. We can provide legislative wording that other states have enacted to implement similar measures and provide written or in-person testimony, if desired. We have come a long way in simplifying the absentee voting process used by our *UOCAVA* citizens - let's continue to work together to achieve the simplest possible absentee voting process while maintaining the integrity of our elections.

Sincerely,

A handwritten signature in black ink, reading "J. Scott Wiedmann", is written over a horizontal line.

J. Scott Wiedmann
Deputy Director

Enclosure:
2009 Legislative Initiatives and Suggested Wording

Wyoming 2009 Legislative Initiatives and Sample Language

Electronic Transmission of Election Materials

Since the 1990 general election faxing has proven to be a valuable alternative method for facilitating the enfranchisement of military persons and overseas citizens serving their country who may have otherwise been unable to vote. This initiative has helped ensure these citizens were not disenfranchised by allowing them to cast a ballot when they would not otherwise have been able to vote due to time and location constraints.

Throughout an election year cycle, various circumstances exist that require the need for this alternative procedure in order for citizens to vote. The basic concept of electronic transmission of election materials is to secure near real-time delivery of election materials between the voter and local election officials. Your support in developing the **acceptance of electronic transmission for all aspects of the process**, with proper controls, would cut the ballot transit time substantially.

We note that Wyoming permits absentee ballot requests to be made by telephone. **We encourage the further use of electronic transmission to include electronically sending the Federal Post Card Application (FPCA) for registration and absentee ballot request, sending the blank ballot to the voter and accepting the voted ballot from the voter where circumstances would otherwise disenfranchise a citizen.**

Sample Language

An applicant who is a member of the United States Uniformed Services or the merchant marine, or their family members, or is a qualified elector living outside the United States, may apply for registration and an absentee ballot by electronic transmission if otherwise qualified to apply for and vote by absentee ballot. An auditor or clerk may receive absentee ballot applications, provide blank ballots, and accept voted ballots from eligible electors via electronic transmission.

Emergency Authority for Chief Election Official

During a period of a declared emergency or other situation where a short time-frame for ballot transmission is created, it is recommended that **Wyoming's Chief Election Official have the authority to designate alternate methods for handling absentee ballots** to ensure voters have the opportunity to exercise their right to vote. The Chief Election Official and the Federal Voting Assistance Program could establish expeditious methods for handling absentee ballots including electronic transmission. Eighteen states have provided this authority to their Chief Election Official.

Sample Language

If a national or local emergency or other situation arises which makes substantial compliance with the provisions of the Uniformed and Overseas Citizens Absentee Voting Act impossible or unreasonable, such as a natural disaster or an armed conflict involving United States Armed Forces, or mobilization of those forces, including State National Guard and Reserve components of this state, the Chief Election Official may prescribe,

by emergency orders or rules, such special procedures or requirements as may be necessary to facilitate absentee voting by those citizens directly affected who otherwise are eligible to vote in the state.

The Chief Election Official shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.

State Write-In Absentee Ballot

We recommend that Wyoming provide a state write-in absentee ballot for all elections. The purpose of the state write-in absentee ballot is to **provide a method for voting by military and other persons overseas who, due to military contingencies or special circumstances such as those faced by submariners, Peace Corps volunteers, missionaries, Federal employees and contractors or others in remote areas, will be out of communication for extended periods of time and unable to receive the regular ballot from your state in the normal time frame.** A voter could request a state write-in absentee ballot 90 days in advance and write in the names of the candidates or party preferences. The voter knows in advance that he or she will not be able to receive, vote, and return the regular ballot from the state in time to be counted. Twenty-nine states now provide state write-in absentee ballots.

This state write-in absentee ballot should not be confused with the Federal Write-In Absentee Ballot (FWAB) that is prepositioned at Embassies and Consulates, military installations, overseas organizations and corporations. In comparison, the FWAB is generally only available to Uniformed Services voters and overseas citizens who have already applied for a regular ballot from the state. They do not know in advance that they need the FWAB. However, if the regular ballot does not arrive in sufficient time for the voter to return the voted ballot and meet the deadline, these voters may obtain, vote, and return the FWAB to the local election official.

It is also important to note that a state write-in absentee ballot usually provides a “full” slate of offices to be voted upon including Federal, state, and local offices. On the other hand, the FWAB generally only allows voting for Federal offices.

Sample Language

If the voter is a U.S. citizen residing outside the United States or a member or family member of the United States Uniformed Services or merchant marine, and a qualified elector, he or she may request, not earlier than 180 days before an election, a state write-in absentee ballot. The voter must submit with the request a statement that provides that due to military or other contingencies that preclude normal mail delivery, the elector cannot vote an absentee ballot during the normal absentee voting period. The state will make the ballot available "90 to 180" days before the election.

Expand Use of Federal Write-In Absentee Ballot

Currently the Federal Write-In Absentee Ballot (FWAB) may be used in general elections for Federal offices only. This ballot is prepositioned worldwide at Embassies and Consulates, military installations and overseas organizations and corporations with American membership. By **expanding its use to include special, primary and runoff elections for Federal offices**, citizens would not be disenfranchised because regular ballots are not received in a timely manner. Frequently, there is insufficient time between the call for a special election and the actual election and between primary and runoff elections. Allowing use of the FWAB in these elections would reduce the possible need for legal action when insufficient time exists for the ballot to be received, voted and returned to be counted. During past primaries, several states and jurisdictions allowed the FWAB to be used for offices other than Federal offices. Twenty states have legislatively expanded its use beyond the Federal law.

In addition, for those citizens that desire to vote in elections for Federal office only, the acceptance of the FWAB voter declaration as **a request for registration simultaneously with the submission of the FWAB** would further simplify the process, improve on transit time and help ensure enfranchisement. It should be noted that the information requested on the voter declaration is basically the same as the information requested from the voter on the Federal Post Card Application (FPCA). We recommend the FWAB be accepted simultaneously as a registration form and ballot by the state for general election and Federal offices if:

- (1) the information submitted complies with the state's registration requirements;
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and
- (3) the request is received by the appropriate state election official not less than 30 days before the election or by the registration deadline established by the state.

Sample Language

- Expanded use of the FWAB:

If the voter is residing outside the United States or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot in general, special, primary, and run-off elections for local, state and Federal offices.

- Use of FWAB as a Combined Request for Registration and Ballot Submission:

If the voter is residing outside the United States, or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot (FWAB) transmission envelope as a request for registration simultaneously with the submission of the FWAB if:

- (1) *the information submitted complies with the registration requirements of the state;*
- (2) *the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and*
- (3) *the request is received by the appropriate state election official not less than 30 days before the election or by the registration deadline established by the state.*

Late Registration Procedures

We realize that **Wyoming allows members of the Armed Forces or merchant marine (and their spouses and dependents) who have been discharged or have terminated their service less than 30 days prior to an election to temporarily register for the election.** We recommend this option be expanded to civilian citizens returning to Wyoming after overseas employment. Many of these citizens go through a transition period when they first leave overseas employment and may reside in your state just prior to an election and this time frame does not meet your state's normal residency requirements. Often, the date of termination of overseas employment and a state's registration requirement combine to disenfranchise an overseas citizen returning home after employment abroad. Special procedures to allow these persons to register and vote would solve this problem.

Sample Language

An individual, or accompanying family member who has been discharged or separated from the Uniformed Services, the merchant marine, or from employment outside the territorial limits of the United States, too late to enable him or her to register by the regular state deadline for registration, shall be entitled to register for the purpose of voting at the next ensuing election after such discharge, separation, or termination of employment.

Enfranchise Citizens Who Have Never Resided in the U.S.

There are many U.S. citizens who have never resided in the U.S. and under current law are not entitled to vote. These are usually first or second generation citizens who are subject to U.S. income tax and all other requirements of citizens. Except for the fact that they have never resided in a state, they would be eligible to vote in elections for Federal office. Sixteen states have passed legislation allowing these citizens to claim the legal residence of a parent. **We recommend these citizens be allowed to vote in elections for Federal offices where either parent is eligible to vote under UOCAVA.**

Sample Language

If a U.S. citizen outside the United States who has never lived in the United States has a parent who is a qualified elector, then that citizen is eligible to register and vote where his or her parent is a qualified elector.
