

FEDERAL VOTING ASSISTANCE PROGRAM

DEPARTMENT OF DEFENSE
WASHINGTON, DC 20301-1155

September 24, 2007

The Honorable Sean Parnell
Lieutenant Governor
P.O. Box 110017
Juneau, AK 99811-0017

Dear Lieutenant Governor Parnell,

I would like to thank you for the work you and the state of Alaska have done over the past several years to promote and support the legislative initiatives the Federal Voting Assistance Program (FVAP) has recommended. The 2006 elections pointed out the importance of the states enacting these legislative initiatives. In particular, the provision of 45 or more days for ballot transit; electronic transmission of Federal Post Card Applications, blank ballots, and voted ballots; and, authorization for the state chief election official to implement emergency measures. States with these provisions were able to support a greater number of situations faced by our brave men and women serving in combat areas such as Iraq and Afghanistan, and other U.S. citizens worldwide. I would ask you also to consider alternative methods that these citizens could use to request their absentee ballots such as phone, and utilizing digital signatures with electronically transmitted materials.

After reviewing Alaska's existing election code and procedures, I have identified six initiatives that the Alaska legislature might consider during the upcoming legislative session. These initiatives are discussed in detail with suggested wording in the enclosed legislative initiatives document. If these initiatives are enacted and signed into law, they would significantly help to facilitate the absentee voting process for Alaska's citizens covered by the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. Information available to FVAP indicates that there are 37,166 Uniformed Services members, an estimated 27,000 family members and approximately 8,000 overseas citizens that claim Alaska as their voting residence.

As you review the enclosed initiatives for possible inclusion in Alaska's 2008 legislative agenda, please do not hesitate to contact us for assistance. We can provide legislative wording that other states have enacted to implement similar measures and provide written or in-person testimony, if desired. We have come a long way in simplifying the absentee voting process since the enactment of the *UOCAVA*—let's continue our joint efforts to achieve the simplest possible absentee voting process while maintaining its integrity.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Scott Wiedmann", is written over a horizontal line.

J. Scott Wiedmann
Deputy Director

Enclosure:

2008 Legislative Initiatives and Suggested Wording

Alaska 2008 Legislative Initiatives and Sample Language

Emergency Authority for Chief Election Official

During a period of a declared emergency or other situation where a short time-frame for ballot transmission is created, it is recommended that Alaska's **Chief Election Official have the authority to designate alternate methods for handling absentee ballots** to ensure voters have the opportunity to exercise their right to vote. The Chief Election Official and the Federal Voting Assistance Program could establish expeditious methods for handling absentee ballots including, but not limited to, electronic transmission. As an example, in light of the surge of Guard and Reserve forces being deployed, the Chief Election Official can temporarily allow electronics transmission of all voting materials for Active Duty Military. **Seventeen** states have passed legislation giving the Chief Election Official authority to designate alternate methods of handling absentee ballots in emergency situation.

Sample Language

If a national or local emergency or other situation arises which makes substantial compliance with the provisions of the Uniformed and Overseas Citizens Absentee Voting Act impossible or unreasonable, such as a natural disaster or an armed conflict involving United States Armed Forces, or mobilization of those forces, including State National Guard and Reserve components of this state, the Chief Election Official may prescribe, by emergency orders or rules, such special procedures or requirements as may be necessary to facilitate absentee voting by those citizens directly affected who otherwise are eligible to vote in the state.

The Chief Election Official shall adopt rules describing the emergency powers and the situations in which the powers will be exercised.

Reference to the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA) in the State Election Code

In 1986, Congress updated and consolidated the provisions of Federal Voting Assistance Act of 1955 and the Overseas Citizens Voting Rights Act of 1975 into the *Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA)*. **Reference to UOCAVA in the state election code** will help election officials and interested citizens find guidance to applicable Federal law and increase their familiarity with the statute and its application. We recommend that UOCAVA be referenced in appropriate sections of the state election code. **Thirty-seven** states now reference the UOCAVA in their election code.

Sample Language

This language is usually found under the chapter in the State Election Code that makes reference to Federal elections:

It is the intent and purpose of this Legislature that the provisions set forth in this chapter are designed to facilitate the Federal mandate of the Uniformed and Overseas Citizens Absentee Voting Act (UOCAVA, 42 U.S.C. 1973 ff et. seq.).

Expand Use of Federal Write-In Absentee Ballot

Currently the Federal Write-In Absentee Ballot (FWAB) may be used **only in general elections for Federal offices only**. This ballot is prepositioned worldwide at Embassies and Consulates, military installations and overseas organizations and corporations with American membership. By **expanding its use to include special, primary and runoff elections for Federal offices**, citizens would not be disenfranchised because regular ballots are not received in a timely manner. Frequently, there is insufficient time between the call for a special election and the actual election and between primary and runoff elections. Allowing use of the FWAB in these elections would reduce the need for legal action when insufficient time exists for the ballot to be received, voted and returned to be counted. During past primaries, on an *ad hoc* basis, several states and jurisdictions allowed the FWAB to be used for offices other than Federal offices. **Thirteen** states have legislatively expanded the use of the FWAB beyond the Federal law.

In addition, for those citizens that desire to vote in elections for Federal office only, the acceptance of the FWAB voter declaration as **a request for registration simultaneously with the submission of the FWAB** would further simplify the process, improve on transit time and help ensure enfranchisement. It should be noted that the information requested on the voter declaration is basically the same as the information requested from the voter on the Federal Post Card Application (FPCA). We recommend the FWAB be accepted simultaneously as a registration form and ballot by the state for general election and Federal offices if:

- (1) the information submitted complies with the state's registration requirements;
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and
- (3) the request is received by the appropriate state election official not less than 30 days before the election, or by the registration deadline established by the state, whichever is later.

The adoption of this initiative would save Alaska money, and alleviate administrative responsibilities on the part of the chief election officer.

Sample Language

- Expanded use of the FWAB:

If the voter is residing outside the United States or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he

or she may use the Federal Write-In Absentee Ballot in general, special, primary, and run-off elections for local, state and Federal offices.

- Use of FWAB as a Combined Request for Registration and Ballot Submission:

If the voter is residing outside the United States, or is a member of the United States Uniformed Services or merchant marine, or their family members, and a qualified elector, he or she may use the Federal Write-In Absentee Ballot (FWAB) voter declaration as a request for registration simultaneously with the submission of the FWAB if:

- (1) the information submitted complies with the registration requirements of the state;*
- (2) the voter is otherwise eligible to vote absentee in the jurisdiction where the request is submitted; and*
- (3) the request is received by the appropriate state election official not less than 30 days before the election, or by the registration deadline established by the state, whichever is later.*

Enfranchise Citizens Who Have Never Resided in the U.S.

There are many U.S. citizens who have never resided in the U.S. and under current law are not entitled to vote. These are usually first or second-generation citizens who are subject to U.S. income tax and all other requirements of citizens. Except for the fact that they have never resided in a state, they would be eligible to vote in elections for Federal office. **Fifteen** states have passed legislation allowing these citizens to claim the legal residence of a parent. **We recommend these citizens be allowed to vote in elections for Federal offices where either parent is eligible to vote under UOCAVA.**

Sample Language

If a U.S. citizen outside the United States who has never lived in the United States has a parent who is a qualified elector, then that citizen is eligible to register and vote where his or her parent is a qualified elector.

Elimination of Witness/Notary Requirement

Alaska requires that the signature on the voter's certificate on the ballot return envelope be witnessed, and signed and dated by the witness. We recommend that **Alaska eliminate the requirement for voting materials to be witnessed for uniformed service members and overseas citizens.** While such requirements may be appropriate for local or in-state absentee

balloting, they create an additional burden to the uniformed service and/or overseas voters in order to request an absentee ballot and/or to return a voted ballot.

Sample Language

If the voter is residing outside the United States, or is a member of the United States Uniformed Services, merchant marine, or a family member, and a qualified elector, the ballot need not be notarized or witnessed in order to be counted.

Acceptance of a Signature and Date on Ballot as Evidence of Time of Completion

We recommend that **Alaska accept the signature and date on a ballot envelope as evidence of the time the ballot was completed by a uniformed service or overseas voter in lieu of a postmark.** Although *UOCAVA* voters may have voted and mailed their ballot in a timely manner, the ballot envelope may not have been postmarked on that date. By signing and dating the ballot the voter, under penalty of perjury, is certifying that their ballot was voted prior to the close of polls on election day.

Sample Language

If the voter is residing outside the United States, or is a member of the United States Uniformed Services, merchant marine, or a family member, and a qualified elector, the ballot shall be counted if it is signed and dated by the voter prior to the close of polls on election day and received by the absentee ballot deadline.
